

PATIENT SAFETY POLICY

“CLINICA INTERPLASTICA S.A.S is committed to providing safe care within safety standards in line with the national patient safety policy, by strengthening a culture of safety, prevention and good management against the occurrence of incidents and adverse events.”

The patient safety policy at CLINICA INTERPLASTICA S.A.S is the set of activities and strategies provided for by the Mandatory Quality Assurance System to protect the patient from avoidable risks derived from health care.

Our goal is to implement a culture of safety and care, where our members and users participate, through effective communication between those responsible for patient care.
